

REDUCE (workshops marquee)	SUSTAINABILITY @ home (workshops marquee)	REWILD (Shelter D2)	Kids ECO ZONE (marquee)
10.00am EVENT OPEN			
10.15am [45mins] Take Heart with Active Hope We hear a lot about the dire consequences of climate change but less about the positive global framework that is being used to tackle these issues - the Sustainable Development Goals. Join us to hear more about these goals and how those from the biggest corporations to the smallest community organisations are taking heart from nature and each other to take action that is making a difference. Through an interactive activity share what you are doing and how it links the local with the global under an SDG umbrella. You'll leave inspired! <i>Presented by Dr Peter Devereux from One World Centre</i>	10.15am [60mins] Gardening in Small Spaces Block sizes are getting smaller and smaller, leaving little space to 'grow' a productive garden. Join Peg to learn how you can still make small spaces useful and join in making a small garden bed suitable for a courtyard. <i>Presented by Peg from Lessens with Peg</i>		10.00am – 1.00pm Nude Your Food If you could pack a 'good' lunch box what would you choose? Kids can get hands on with the choices that go into their lunch boxes to learn how to go packaging free! <i>Presented by the Eco Faeries</i>
11.00am [10mins] Smart Dental Habits with Bamboo Buddy Dr Krish shares easy tips on how you can protect the Earth & your Smile at the same time! :D	11.30am [60mins] Solar Passive Homes We all hear about sustainable homes, but what does this really mean? Do you wonder how sustainable your house is? Discover the basics of good solar house design using a simple model house and leave this session with a list of some simple changes you could make to make your home more sustainable. <i>Presented by Tim from Ecoburbia</i>	10.45am [30mins] Sharing our Suburbs Catering for wildlife in the suburbs is good for animals but healthy for people too. How do we keep in touch with nature in our city to maximise the benefits for people and wildlife? <i>Presented by Bamford Ecologists</i>	11.00am – 12noon Children's Forest discovery walk with the Bush Fairies
11.15am Bokoshi composting with Eco Midori	12.45pm [60mins] Water, Water Everywhere? This workshop will cover rainwater and greywater systems, what you need to know to install a bore, how to install drip irrigation and lots of easy water saving tips you can apply in your home. You'll leave inspired to save water in your own home! <i>Presented by Tim from Ecoburbia</i>	11.30am [30mins] The Backyard Benefits of Birds of Prey Birds of prey are an indicator to the health of the environment, as apex predators, forming a balance in the ecosystem. Learn about how and why it's good to entice them into your backyard! <i>Presented by Yvonne from the WA Birds of Prey Centre</i>	[ALL DAY] • Seed bombs
11.45am [30mins] Let's Have a Low Waste Party! What?! How?! Join Peg to learn some simple and clever ways to reduce the environmental impacts of our social gatherings, whether picnicking in the Park or hosting at home! <i>Presented by Peg from Lessens with Peg</i>		12.15pm [30mins] Creating Fauna Friendly Gardens Do you ever wonder about the animals which inhabit your suburb? Would you like to attract wildlife to your garden? Ecologists Mike and Mandy will explain the wonderful creatures which inhabit our suburbs and how to create a wildlife haven in your patch. <i>Presented by Bamford Consulting Ecologists</i>	1.00pm – 3.00pm Insect Hotels Create your very own insect hotel for your garden! <i>Presented by Bamford Ecologists</i>
12.30pm [45mins] Tiny habits for Sustainable Living Are you new to the idea of a more sustainable lifestyle? Or struggling to figure out HOW to start changing those long-ingrained habits? Then join us for this engaging session on using tiny habits to implement change! <i>Presented by Dr Jane Genovese from Learning Fundamentals</i>	2.00pm [60mins] Green Cleaning Have you wondered why a greener cleaning regime is important? Learn about the common chemicals in cleaning products and how they differ from the ingredients in homemade ones and try out a few homemade products. Make an all-purpose cleaner, disinfectant spray and basic bathroom cleaner. Bring those tricky cleaning questions! <i>Presented by Shani from Ecoburbia</i>	12.45pm [15mins] Kimberley – Like Nowhere Else Find out what you can do to help protect the Kimberley, one of the last great unspoilt landscapes on Earth.	1.30pm – 2.30pm Children's Forest discovery walk with the Bush Fairies
1.30pm [60mins] Living Lightly to Reduce Our Impact Learn ways to have less impact in your day-to-day living, both cheaply and easily. <i>Presented by Peg from Lessens with Peg</i>		1.45pm [30mins] Native Gardens Walking Tour Join qualified horticulturist and designer of the Park's Village mall gardens for a walking tour to learn more about our native plant selections. Find out which species we have used and how they might work in your own backyards! <i>Presented by Whiteman Park</i>
