

PERTH WILD

WHITEMAN
PARK

CONSERVATION • RECREATION
EDUCATION

10.15 – 11.00am

Grow Greener Initiatives

Help make our communities greener, with three State Government initiatives now available across Perth. Learn about the eligibility requirements and how to turn your greening ideas into on-the-ground action.

Department of Water and Environmental Regulation

11.15 – 12.15pm

Nest Box Discovery

Get an in-depth look at the different types of nest boxes you can provide at home, who they support and the critical role trees play.

Perth NRM

12.30 – 1.15pm

The Signs and Symptoms of PSHB

Learn how to detect the invasive signs of the Polyphagous shot-hole borer and how to make a report if you suspect the presence of this beetle in your home or social surroundings.

Department of Primary Industries and Regional Development

1.30 – 2.15pm

Community wellbeing in a hotter Perth

Join Dr Paul Barber as he discusses current urban canopy data for Perth, the health of our trees and how this links to our wellbeing.

Trillion Trees

2.30 – 3.00pm

Supporting Trees and Natural Hollows

Discover how trees provide vital natural hollows for the survival of our iconic, but endangered black cockatoos species.

Carnaby's Crusaders
